**I have used Oculina Bank since they opened on the island, in the beginning of 2004. They have always been so good to me and my Business. Everyday I go to the bank to make my deposits and they are very professional and courteous. They have been readily available for my banking needs. I would say it's the best bank in Fort Pierce, FL, they are just so wonderful. I am very satisfied with Oculina Bank.**

**If you have any questions feel free to contact me. Thank you so much!**

**Sincerely,**
